# CELEBRITY BINGO!

To play the game, carefully cut out these 4 Bingo cards, and give one to each player (2-4 players). Then, simply cut out all 24 celeb photos on the next page. Mix up these photos in a bowl, and randomly pull out one at a time, announcing that celeb to the other players.

Each player then covers that celeb with a coin. The first person to cover a row horizontally, vertically, or diagonally wins the game!

# REAL OR WHACK?

Is Sabrina Coming Out with  
A Full-Length Album? **REAL**

"I'm excited for  
everyone to hear  
it."

**W**e've had Sabrina's *Can't Blame A Girl For Trying* EP on repeat for the past few months, but we're so excited that we'll have some new material to listen to when her debut full-length album is released this year!

"I've been working extra, extra hard on it and I'm excited for everyone to hear it," she says. "There's going to be a little growth in the material, but it's also a lot of what you heard in the EP. I think it's going to be a little more mature but that's the best part about writing - there's really no limit!" Stay tuned to [popstaronline.com](http://popstaronline.com) for album news and contest giveaways!

## Are Meghan Trainor & Harry Styles Working Together? **REAL**

**W**hen we found out that Harry was a big fan of Meghan's, we couldn't help but wonder what the two would sound like in the studio together. Luckily, we won't have to wonder much longer because the two have teamed up for a duet! How magical does that sound?! "It's a beautiful love song we wrote together on my ukulele," says Meghan. "We even recorded a rough demo together with our vocals. It's one of the first cool things I got to do with a pop star!" We can't wait to hear what the two came up with - especially since Meghan described Harry's lyrics as very poetic and mature. That's no surprise, right? "We're good friends," she added. "I adore all the One Direction boys! Every time I meet them, I'm like 'Hi, you're all perfect.'" LOL - we feel the same way!

## Is 5SOS Feuding with Pete Wentz? **WHACK**

In an interview last summer, the Australian pop rockers stated that touring with 1D doesn't make them a boy band. "We're challenging that thought," said Ashton. "People get confused because we're young and have a female fan base. But, so did Fall Out Boy. Pete Wentz was the Justin Bieber of 2007. Girls loved him, they obsessed over him!" After Ashton made this comment – which was never meant as a diss – rumors of a 5SOS/FOB feud ensued! However, you can rest assured that there's no bad blood between the two rock groups. Pete recently cleared up the whole thing. "At first I was a bit taken aback, because I thought they liked our band," he said. "So I reached out to my friend [who has also produced them] and he said what they meant by it was that they were a band where girls liked them and other punk rock bands have had that and that's what I was like and our band was like."

## Is Ariana Heading Back To TV? **REAL**

MUSIC?

TV?

After Ari wrapped production on *Sam & Cat*, it seemed that she was only interested in a music career. However, the "Love Me Harder" singer is getting ready to change that with a recurring role on FOX's new series, *Scream Queens*! There's not much info on what Ari's role will be, but we do know that she'll be acting alongside *Glee*'s Lea Michele, Abigail Breslin, Keke Palmer, and Emma Roberts! *Scream Queens* is set to begin production this spring and will premiere next fall. Based on the show's title, we have a feeling this character will be nothing like Cat! LOL!

## Is selena Dating Zedd? **MAYBE**

After being spotted together on multiple occasions, Zedd and Selena have led us all to wonder: Could this be the beginning of Zeddlena? The pair has become super close while working on Sel's new album, and when they were spotted leaving a party hand-in-hand, rumors of their budding romance really started to swirl! Neither of them have confirmed or denied a relationship, but they've both posted sweet snapshots on Instagram! Selena posted one of herself posing with the DJ/music producer and captioned it, "missing LA and this punk, just a little tonight." Zedd responded by posting an adorable black & white photo of the two FaceTiming! They've even gone on bowling dates! Aw! Do you think they'd make a cute couple? Tweet us @popstarmagazine and let us know!

# Ten Times

## Ross Was Boss!

Ross is pretty much the coolest guy ever, and he's proven it to us over and over again!

### 1. When he stayed humble about being a heartthrob.

"I don't really think of myself as a heartthrob. I've got a lot of brothers and there's a natural competitiveness between us when it comes to girls. If I said something about being a heartthrob, then they would bring me straight back down to earth," he said. He's on one of the biggest shows on TV, stars in *Teen Beach Movie* & *TBM 2*, AND he's the lead singer of R5, one of the hottest bands around. Basically, he's a total rock star, but sees himself as just a regular dude!

### 2. When he didn't let social media get the best of him.

"I usually try to stay off my phone and enjoy the world, but when I am on the phone, it's always for social media - to talk to my bros and my fans and my friends," he revealed. Ross' ability to not let his phone take over his life is so cool, especially these days, when so many people are addicted to texting and social media! Instead of constantly posting about his life, he simply lives it. Rock on!

### 3. When he decided he was going to create his own career path.

"I don't want to follow in the footsteps of anyone really, I want to make my own future and stuff like that," he's explained. See, Ross gets compared to *High School Musical* star Zac Efron a lot, simply because Zac launched his own career on Disney, but Ross just does his own thing!

### 4. When he didn't want to be the star of R5.

"I don't really like to be singled out from the band," he shared. "I think it's cooler when the band is known instead of just one person, because I've realized that Harry Styles is I guess sort of reaching out over One Direction and I think it'd be cooler if it was just R5 and not Ross Lynch and R5."

PHOTOS: JOE MAGNANI

### 5. When he got super deep and made us think about music.

"Music is poetry with personality," he said. Whether he's creating a song with his band mates, writing in his journal, or simply giving an interview, Ross is a true linguist and prolific writer.

### 6. When he proved that music really is his life.

"I always bring my iPod on tour," he shared. "I need it to listen to my favorite music." Not only is he playing and writing music the whole time he's on tour, he's also listening to other artists to draw inspiration from and to keep music on his mind.

### 7. When he gave his mom credit for those lovely locks.

"My mom did my hair today," he smiled. "It wouldn't look this good if she hadn't!" R5 fans know that Stormie is the queen behind the band's rockin' style, but the best part is how Ross gushes about his mama!

### 8. When he totally fan-gurled!

"Prince was here...I've never fan-gurled soo much." It's cute to see our favorite stars fangirl over other stars, so when Ross tweeted about "fan-gurling" over Prince, we couldn't help but smile.

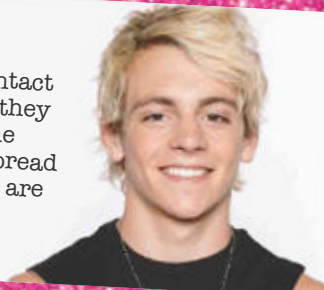

### 9. When he showed us how to live.

"I don't have a lot of time to sleep between music and acting," he explained. "But hey, sleep when you're dead, that's what I always say!" He's almost always either filming, recording, writing or performing, but unlike other celebs, he never, ever complains. He's just happy to be living his dreams!

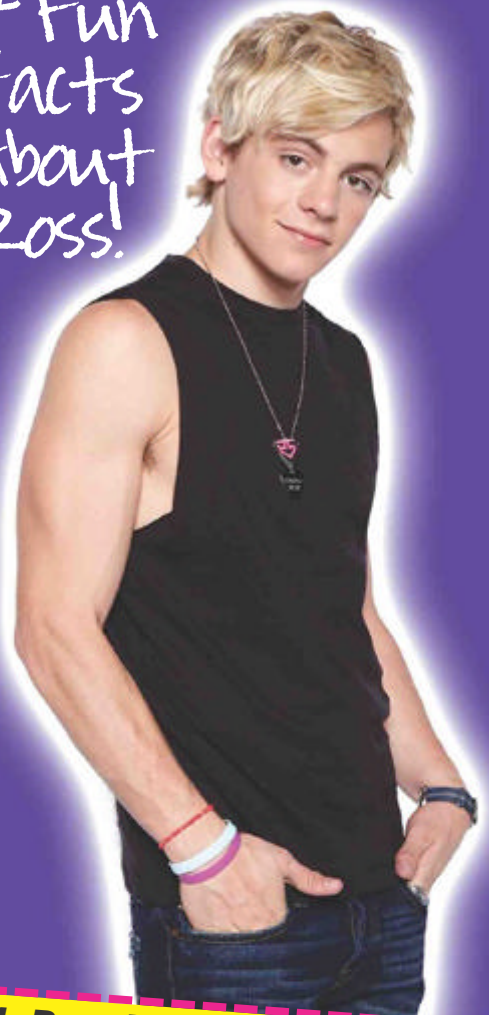

### 10. When he gave props to the #R5Family.

"It's always important to stay in contact with the fans because ultimately, if they weren't there, I wouldn't be here," he said. "It's very, very important to spread the love." Ross knows that you guys are what keeps the band going and he appreciates every single one of you!

## 7 Fun Facts About Ross!

1. Ross loves vintage things like cameras and typewriters!

2. Ross used to be super afraid of heights, but now he's a total daredevil!

3. His middle name is Shor.

4. In 2005, he was on "So You Think You Can Dance."

5. His hair is naturally dirty blonde!

6. He loves animals!

7. He can even speak a little Japanese!

## HOW TO MEET THE GUYS

**T**he guys love meeting their fans. "It's just crazy that they've stood by us whilst we've been away for so long and then we're back and they're still here and there's more of them as well," says Ashton. Here are our top tips for meeting the boys!

**Social Media Savvy** When 5SOS hits your city, check their social media accounts as often as you can! Let's say Ashton posts a pic to Instagram of where he's eating lunch – and you recognize it as your favorite restaurant! Get on down there and see if you can get some face time with this drumming dynamo.

**Get to the venue early** What's great about this tour is that it's in the summer! So you'll be out of school and will likely have the whole day free to hang out around the venue and try and spot the guys before their soundcheck! Sweet!

### Fan Base BFFs

The 5SOS fan-dom is awesome, and they totally use the power of social media to make sure everyone has the best chance at meeting the band. Search Twitter to find some awesome fan accounts, like @5SOSHotel!

**Wear a costume** Seriously? Seriously! "Dress up like a fruit or vegetable," says Luke. "Or if you wear Christmas lights." Ashton agrees, laughing, "If you dress up like a large fruit, I'll notice you." But if you can't see them in concert, you can get them to notice you on Twitter. He adds, "I think the people who put a lot of thought into what they're doing and who are genuinely supportive of the band get my attention. We always do our best to notice them."

# TAYLOR IS AN ANGEL!

**W**e've always suspected that Taylor was an angel and now we have proof! She has a reputation for being incredibly generous with her fans and recently, she did something truly incredible. After seeing an awesome video Rebekah Bortniker made that featured Taylor and her famous BFFs in the intro to *Friends*, Taylor sent over a totally personalized box of goodies! It included a hand-written letter, Polaroids, assorted gifts and a \$1,989 check to help Rebekah pay off her student loans! "I really, really, really, really hope you like it," Taylor wrote in the card. "I'm not a good painter, but I think you're so beautiful and positive, even though you're dealing with the stress life brings, so I wanted to make you something."

EMMONN MCCORMACK / WIREIMAGE / GETTY

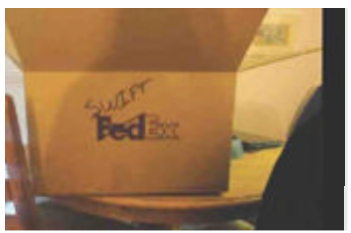

**H**ow sweet is that?! Taylor sent a watercolor painting she created specifically for Rebekah, a necklace with a note that said "was mine, now yours" and a "New York Is My Boyfriend" pouch. Attached to the pouch was a note that read, "Rebekah, now you're \$1,989 closer to paying off those student loans." Rebekah was totally speechless.

"I was just in such shock that Taylor had taken her time to think about me and send me something.

I still don't think I've really processed it all," she wrote. "I am so honored and so thankful to call myself a fan, to have supported you all of these years because you are truly the most amazing, genuine, and selfless person... I can't wait to see you on tour and thank you 1,989 more times."

**A**fter Rebekah shared a YouTube video of her reaction to the gifts, Taylor shared it on her Twitter account with the caption, "I love you so much." There's no doubt that Taylor's fans are her number one priority - she always gives back as much as she can to let them know just how much she loves them!

**Rebekah posted all her goodies from Tay on Twitter for all fellow Swifties to see!**

**Taylor loves her fans!**

**Greeting Swifties and posing for selfies with fans is one of Tay's top priorities!**

# ARIANA ROCKS!

## How? We're Gonna Spell It Out For You!

**A** is for **Animal Lover**: Whether she's hanging with koalas in Australia or cuddling with her rescue pups at home, Ari absolutely loves **animals**! She's got four pups of her own and loves visiting animal sanctuaries while she's touring. "I love animals more than I love most people," she says. "Not kidding!" LOL!

**R** is for **Role Model**: If there's one word that fans would use to describe Ari, it's **role model**. She's an incredible person to look up to because she's hardworking, kind, and knows the importance of friendship and family. She's always made sure to be a positive influence on her younger fans and stay away from anything that could get her into trouble. "I'm kind of a boring, normal girl who likes *Harry Potter* and to sit in her pajamas and sing," she says. Awww!

**I** is for **Invincible**: When diva and dating rumors plagued her late last year, Ari simply laughed them off, proving that she's totally **invincible**! "Man some of these rumors that have been coming out about me lately actually have me laughing out loud," she tweeted. "Really can't take 'em seriously!" In a radio interview, she explained, quite matter-of-factly, "My fans know who I am, my family knows who I am, my friends know who I am, and that's all that matters. No matter what you do, no matter what your profession is, no matter how old you are, everybody deals with haters. We could talk about it for hours."

**A** is for **Apple**: Ariana and her brother, Frankie, shared an apartment in NYC, aka the **Big Apple**, when they were auditioning for Broadway shows. "Ariana's the businesswoman, and I'm the clown," laughs Frankie. "We admire each other and draw on each other. I'll say, 'I don't know what to do.' She'll say, 'Center your mind.' She'll say, 'What should I do?' I'll say, 'Smile, do a cartwheel, and laugh!'"

**N** is for **New**: Ariana loves creating **new** music so much that she pretty much calls the studio home! She was in the studio working on music for her third album even before *My Everything* came out! Ari admits that she loves creating new music and is a bit of a perfectionist when it comes to completing new tunes. "Love your flaws and own your quirks," she smiles.

**A** is for **Arianators**: The people Ari holds closest to her heart are her **Arianators**: a.k.a. "**the loves**." "I can always count on my fans to inspire me when I need it most," she says.

Ariana & Frankie are BFFs!

"I love animals more than love most people."

Ari never says no to a fan pic!

Less than nine months ago, Shawn released his debut single, "Life of the Party," which shattered records in the US! And this summer, he'll be performing at stadiums when he hits the road with Taylor Swift! In this exclusive interview, the super-sweet 16-year-old spills on fans and his newfound fame.

**Q:**  
Hey Shawn! Do you remember the first time you were ever recognized?

**A:** I've never gotten asked that question before! It must have been at the mall because I remember walking through the mall one day, and at first it was like, "Is that that Shawn Mendes kid?" It was never like, "Hey, are you Shawn? Can you take a picture?" It was always like, "Is that that kid?" I used to get that a lot!

**Q:**  
Are you starting to get used to being noticed?

**A:** Well, I was in line at Canada's Wonderland to go into Halloween Haunt and there were these girls and a few guys behind me. I could just feel their eyes digging into me! I was like, "What is going on?" I kind of like, just forget about it sometimes, so I was like, "Why are these people staring at me? What is going on right now?!" I was getting super creeped out and then they were like, "Can we get a picture with you?" I was like, "Oh! THAT'S WHY!"

**Q:**  
Okay, so have you ever had to tell yourself to calm down cause you were super excited to meet a celebrity?

**A:** I thought I was going to have to do that when I met Ed Sheeran, but I didn't! I think what happens, it comes down to the way celebrities carry themselves. Like people realize I'm just a regular person, we're all on the exact same level. I'm just like another guy from your school and it's the same thing with Ed. He was just another guy who I met. There's no difference between any of us, so it's so easy to just be comfortable and relaxed. You can pick your nose in front of me, I promise I won't judge you!

# BVB's Stage Style!

**W**hen we first discovered Black Veil Brides a few months back, we immediately noticed one thing: their look! It reminded us of the awesome rock bands we grew up with, like KISS and Motley Crue. See, when BVB hits the stage, they're not just playing songs from their album; they're performing a full-on show! "In terms of being theatrical or having an image onstage, that's something I've always been interested in," says BVB front man, Andy Biersack. "The bands that we knew when we were growing up, that's just the way that they look, and that was what we saw a band to be. From the time I was three to the time I was seven, I thought that the only music that existed was KISS. So for me, a band just looked that way."

"WE PUT ON THE SHOW WE PUT ON AND LOOK THE WAY THAT WE DO BECAUSE WE ENJOY IT, AND WE KNOW THAT OUR AUDIENCE ENJOYS IT!" -ANDY

To  
keep up

Brides' tour  
dates, make sure  
you're following  
@BlackVeilBrides on  
Twitter and visit  
their official  
website at  
blackveilbrides  
.net!

"There's certainly a stigma that goes along with that, but we've never paid attention to it. We put on the show we put on and look the way that we do because we enjoy it, and we know that our audience enjoys it. It's not to try and put on a false or affected look, it's just how we think a band should look." But that doesn't mean they spend hours trying to look perfect! "I think it's weird to look pristine onstage," explains Andy. "The paint that we wear is meant to sort of sweat off. We see it as war paint." So awesome! "As the band grows, and as we can afford to do things, our stage show is growing. Ultimately, we want to have a huge stage show, and I think it will get to that point very soon. Right now, we do what we can. We rely heavily on the performance and on raw energy to put on the best show."

# Ari's Top 3 confidence tips

**Ariana**  
always gives  
amazing advice. Here,  
we round up her best  
quotes about loving  
yourself!

**1.** “We all spend so much time judging each other, so that definitely doesn’t make it easier on us to feel comfortable in our skin. But as soon as you just learn that you don’t have to be perfect and just forgive yourself and be like, ‘Hey, we’re all people and we all feel the same way about ourselves,’ then you’ll feel more comfortable.”

**2.** “I wish I could talk privately to you and make it all better. Whatever it is will get better – I promise you. If it’s what other people say that bothers you, don’t listen to them. If it’s about how you feel about yourself, open your heart and accept yourself. Be Strong.”

**3.** “Big, small, curvy, flat, tall, petite...Love the skin you’re in! It’s beautiful because it’s yours! Regardless of the little things you may dislike or feel like you need to work on, or what people pick on you for, that’s all just noise. You’re more than enough. You’re marvelous, individual and incomparable.”

# ZENDAYA UNDERCOVER!

The sweet star spills on her new Disney Channel series!

**Q: What's your best advice for girls like K.C. who feel different from their peers at school?**

**A:** I mean honestly, anything that makes you awkward or feel different can be your biggest strength. For K.C., it was all those years in robotics club and martial arts that prepared her to be this spy who kicks butt! Stay true to yourself and develop and find something that you're passionate about. For K.C. it's saving the world and being a spy. For me, it's acting, the arts, and being creative!

**Q: Your BFF Trevor Jackson is going to be on the show! How'd that happen?**

**A:** I kind of blackmailed him into it! I was like, "Look, if you don't do this, clearly you don't value our friendship! I see where we stand, as a real homie, you will do this for me!" He was like "Uhhh okay!" LOL! It was awesome having him on!

**Q: You're actually a producer (aka one of the bosses!) on the show! That's so cool! What's that been like?**

**A:** I definitely felt comfortable producing from the beginning because they made it a comfortable environment to be in and to express myself. I feel like my voice is heard. If I have any concerns or ideas, I can bring them forward and see them be put into action, which is awesome. It's great that people value an 18-year-old's opinion. They could not take me seriously, but they realize that I'm the young voice and it's a show for young people.

Zendaya and Trevor had a blast filming an episode of *K.C. Undercover* together!

THEN

NOW

Zendaya isn't the first young producer on Disney Channel!

**Raven Symone**

After her series, *That's So Raven*, broke ratings records on Disney Channel, she became an executive producer on both *TSR* and *The Cheetah Girls 2*! Now you can catch her alongside Gabourey Sidibe on FOX's new hit show, *Empire*! Fun fact: She and Zendaya are tight – In January, Raven attended the launch party for *K.C. Undercover*! That's So...

# I Spent The Day With 5H!

HARMONIZER VALERIE CAMACHO GOT THE CHANCE OF A LIFETIME WHEN SHE WON MUSIC CHOICE PLAY'S 5H SWEEPSTAKES! SHE FLEW TO MIAMI WITH HER BFF AND SPENT THE DAY SHOPPING WITH ALLY, LAUREN, CAMILA, DINAH AND NORMANI! NOW, SHE'S SPILLING ON HER 5H EXPERIENCE!— ONLY IN POPSTAR!

**Selfie-time with Camila!**

I've been a Harmonizer since the girls first started out on *The X Factor*, so when I heard that Music Choice Play was having a contest to go spend the day with 5H, I went to their website and started entering like crazy! A few days later, I was in my bed and on my phone and saw that Music Choice Play had tagged me in an Instagram post. I clicked on it, and it said that I won! I started screaming and bouncing on my bed! LOL!

During my flight from Tallahassee to Miami, I had so many butterflies in my stomach! I first met the girls outside a boutique and it was a very surreal moment. I cried the whole first hour I was with them – happy tears, of course! I honestly just wanted to keep looking at them and embrace the moment. It didn't feel real at all. I couldn't believe that something like this could happen to me. It was so much fun and a great experience I will for sure never forget.

**I couldn't believe I was standing with them!**

I was talking to Camila and we both found out that our favorite Disney movie was Peter Pan and she screamed out, "ME TOO, ME TOO!" Another funny moment was when the girls and I were doing my school's war chant and all of them were trying to figure it out – it was hilarious! Camila personally came up to me and asked me what my Twitter name was, so she could follow me. I was too shy to ask any of the girls to follow me on Twitter, and for Camila to do that was truly remarkable. Another funny moment was when I was shopping with the girls and they all found really cute stuff they would wear and would like play fight over who was going to get it.

All smiles with Normani!

I've been waiting for Reflection to drop for so long, I can't even explain my excitement and how proud I am of the girls. I love how they are so down-to-earth and you can relate to them so well. They definitely have not let the fame get to their heads and you can see that very well. I want to give a shout-out to Music Choice Play for letting me have this amazing opportunity. There are no words to express just how thankful I am for the experience they gave me and for how well they treated me!

5H has such great style! They helped us choose some awesome clothes before we left.

## Valerie spills on each of the girls!

Lauren's very intellectual and so interesting to talk to.

Normani's so unique and has her own style. She inspires me!

Ally is an absolute sweetheart. She kept saying, "I love you," and was trying to comfort me while I was in tears.

Dinah's HILARIOUS! I could not stop laughing when I was around her.

Camila's the fangirl of the group! It makes me relate to her so much more!

# One Direction 5 ROMANTICS!

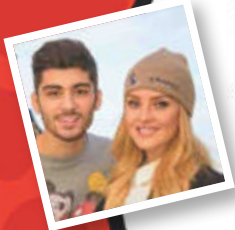

**Niall**

Niall hasn't had many relationships and that's because he just hasn't had the time for one! "Traveling around the world and all the promo that we do – it doesn't leave time for a girlfriend," he said. Did you know that he once hired a boat and serenaded a girl? Awww!

**Zayn**

Remember when he threw Perrie Edwards a 21st b-day bash?! We also can't help but think of his sweet garden wedding proposal! "We were watching a film in the back garden and Perrie's mum was there, my mum was there, and my two best mates were there," he said.

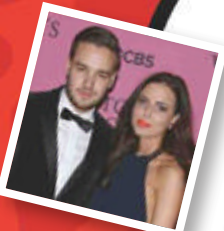

**Harry**

Back in January, Harry was linked to supermodel Nadine Leopold. They haven't confirmed a relationship yet, but on her b-day, he filled his car with pink balloons and surprised her with them! Can you imagine getting a birthday treat like that?

**Liam**

Liam is a total romantic. "One of the most romantic things I've ever done is get flowers for someone when they weren't feeling too well," said Liam. He also took his GF Sophia ice-skating this past winter and held her hand the whole way through! Too sweet!

**Louis**

Did you know Louis loves to cook for his girlfriend? "One of the most romantic things I have ever done is, I once made this meal – it was chicken stuffed with mozzarella, wrapped in Parma ham with some homemade mashed potato and gravy!" Yum!

## Opens Up

In her own words,

Meghan Trainor talks about following  
your dreams and never giving up!

**I** knew I wanted to be a singer when I was 13 years old. It was a hobby, but I was like, "Dad, I need to record myself, I'm amazing!" And I was awful! LOL! But he was like, "Okay, here's a computer. I don't know how to use it, but there's GarageBand (a program used to record music), and you can play keys, so do it." So I started recording myself. I was pretty sure everyone recorded and produced themselves on this program; I didn't know they had producers! And when I was around 17 or 18, they said, "Wow, you can do this all by yourself!" I got a publishing deal, and I was like, "I can do this for money and write songs and that's it?!" I actually wrote Sabrina Carpenter's song "Can't Blame A Girl For Trying" when I was 17. Songwriting is hard because they can say the artist recorded it, but then it might not end up on the album, so you're like aww!

**W**hat happened with "All About That Bass" was crazy. I wrote the song and we tried pitching it to artists and no one wanted it. And they were like, "You could re-produce it, it's not great yet." And then L.A. Reid heard the demo, it was raw, no autotune or anything, and he's like we're gonna master this and put it down! When I was younger, someone told me, "If your songs ever get on the radio, I'm gonna rip the car radio out." And I went home and cried. The first time my song played on the local radio station at home, I called him and said, "You better take out your radio!"

**W**hen "All About That Bass" hit Number 1 on iTunes, my dancer woke up me to tell me and I thought I was dreaming. It's not real for me – it's kind of like watching a movie! A lot of girls post stuff on my Instagram. They'll post selfies and say, "I hate myself, I was bullied, I didn't like going to school. But I heard your song and I'm gonna be myself and love me." It's a really good feeling. No words can describe how I feel!

## BEAUTY & FASHION

### Fashion Tips:

Mix different colors and patterns! Wear something that makes you feel comfortable and confident!

### Makeup Tips:

When you're starting out, less is more! For skin, you want to keep a young face for as long as you can. If you don't need foundation, use a moisturizer or tinted moisturizer instead. They are much lighter on your skin.

### Skincare Routine:

In the AM, I usually do a purifying face wash followed by some SPF to protect my skin throughout the day. At night, I wash off any makeup I may have on with a washcloth and then do another face wash. It's totally helped my skin!

## Rowan's Beauty Tips

**Makeup Dos & Don'ts:**  
**Do-**Try a brown mascara. It looks natural but still makes your eyes pop.  
**Don't-**Use dark lip colors when you're starting out with makeup.  
**Do-**Apply tinted bb cream or tinted moisturizer. It's not as intense as foundation but still gives great coverage.  
**Don't-**Wear too much eyeliner when you're starting out.  
Perfecting the "cat eyes" look is not easy and can look messy.

**My favorite (affordable) makeup products are...**  
I love L'oreal Paris and Maybelline Mascaras. Revlon has these really cool color sticks for your lips. And Neutrogena has great powders.

**The best way to cover up a zit is to...**  
Use concealer! Try something that isn't too heavy so it doesn't clog your pores even more or irritate the zit!

## How They Got The GMW Part

"At the first audition, in November of 2012, I'd just turned 11, and I was very overwhelmed, because it was Disney. I read for Sabrina's character and they kept telling me I was too young. Then I came back, and read for Riley and I fell in love with the character. I auditioned literally 10 times! At the first audition, [the producers] told me I was perfect, only that I was too young. I went into the car and cried! Haha! Luckily, I was called back the next week." – Rowan

"They saw pretty much every girl in the world for the part because they didn't know what they were looking for at first. They didn't know if they wanted an older girl or a younger girl! Rowan and I met at the screen test and it was the very last audition we both had before we were cast. It was really nerve-wracking but it wasn't that hard to build chemistry between Rowan and I; by the time we got in the audition room, it just clicked." – Sabrina

# PASSION FOR

BECKY G

TAYLOR

ROWAN

Taylor kills it in a black and white high-low frock with amazing lazer-cut detail near the hem. And those pointy-toed basic black heels? We love 'em!

Becky G is preppy on top, party on the bottom in a crisp white shirt and plaid mini. Those thigh-high slouchy black boots put the sassy in this style.

We're obsessed with how Rowan Blanchard keeps her look crazy cool *and* age appropriate. The over-sized embellished cardigan keeps her cozy over a tie-dye top and skinny jeans.

WE ROUND UP THIS  
MONTH'S STYLE  
STARS!

JESSIE J

Jessie J keeps it simple and stylish in solid blue. The keyhole crop top and matching high-waist pants help her rule the red carpet.

SABRINA

Sabrina embraces the floral trend with high-waisted, wide leg printed pants and a solid black long-sleeved crop top. Layered gold necklaces are the perfect accessory.

ZENDAYA

Zendaya is a golden girl in a billowy metallic trench and matching pleated trousers. Z pulls the oversized look together with a pale blue bikini top.

#### 4. When buying clothes, it's important that:

- A. You feel comfortable in what you're wearing.
- B. That Lady Gaga would feel comfortable with what you're wearing.

#### 5. Your friends would call your style:

- A. Seriously cute
- B. Seriously unique.

#### If you scored: Mostly A's:

You're most likely a trend follower, and that's not a bad thing. Sure, no one wants to be called a follower, but in this instance, you take the hot trends and make them your own.

#### Mostly B's:

You are a trendsetter all the way. You love to stand out in the crowd and want to establish the next coveted look before everyone else in school. It takes a strong personality to lead the pack, but you're more than happy to pave your own way.

# FASHION FORWARD

Style guru Madison Pettis shares what's trending this month!

**M**y "Look of the Month" is from the 18th birthday party for my friend & *Mostly Ghostly 2* co-star, Ryan Ochoa! My graphic tank is from H&M & the leather skirt is from Zara. They were both really inexpensive pieces, and I'm obsessed with the cut of the skirts. I love how it looks like a skirt in the front and shorts in the back! If you know my style, you know I love leather, LOL! I finished the look with my go-to Alice & Olivia black pumps. They have a super high heel (which I love because I'm only 5'2" haha), but they also have a good platform, which makes them super comfy so I can dance 'til dawn!

## #FashionThrowbacks

I think the basic foundation of my style has stayed pretty similar over time - I still love leather! I do enjoy trying new trends each season, but I've always tried to focus on wearing what works for me and my body type. I'm a shorty, so I always love wearing heels, especially when I'm glamming up for an event. The most important thing is to feel confident & comfortable in whatever you're wearing! Check out my red carpet looks from a few years ago!

**2011**  
**August 2011**  
**Phineas & Ferb premiere**  
2011 is when my leather obsession started! I centered this outfit around these leather high-waisted shorts from Aritzia. I tucked in a simple black cami, and put a denim vest on top. To complete the look, I layered a few chunky metal necklaces with a mix of black & silver bracelets, and the heels are BCBG.

**2012**  
**March 2012**  
**Nickelodeon Kids Choice Awards**  
I tend to gravitate towards darker colors with my everyday outfits but the Kids Choice Awards are supposed to be bright & fun! This two-tone coral bandage dress is from BCBG and I paired it with a pair of coral heels from Fergie's shoe line. My jewelry had a coral, gold, and turquoise theme!

**2013**  
**June 2013**  
**Elizabeth Glaser Pediatric Aids Foundation charity event**  
I found this super cool top from the Fairfax Flea Market here in LA for just \$20! It's a graphic Spider-Man tee in the front, but with a sheer black back that goes almost floor length. I really love the cool twist on a simple shirt. I wore my favorite pair of shorts from Current Elliott. My ankle boots are from a store called Wasteland. I love the silver studding on the front, and they have a funky-shaped heel.

## Ask Madison

Dear Madison,  
My parents are really strict about the clothes I can wear. Because of this, it's hard to be as trendy as my other friends. How can I still look cool without getting in trouble with my parents?  
Thanks! -Christine

Hey Christine! This can definitely be a tricky situation. I think a parent's biggest concern (including my mom!) is that you dress age-appropriate & keep it affordable. But that doesn't mean you can't find cool pieces! You can find plenty of inexpensive trendy basics at places like Forever 21, Target, or even re-sale shops! Then maybe splurge on one cool item that you can get a lot of use out of, like an awesome pair of jeans! Remember, you don't have to dress exactly like your friends to be fashionable. Having a great fashion sense is all about expressing your individuality, not looking like everyone else!

# Call On Clare!

one of the best parts about being a host on Music Choice Play is that I get to interview some of the hottest stars around. Sometimes I don't know how I hold it together! I've had so many awesome moments chatting with celebs, but here are my top three crushworthy moments!

## Cody Simpson

**W**hen surfer babe Cody came to Music Choice, he taught me how to ride an indo board. I had never even tried to do something like that before, so having Cody Simpson as my teacher was such a cool moment! And guess what, girls? Cody Simpson has the softest hands! In just a few minutes, he taught me how to ride the indo board like a pro. And he promised to teach me how to surf one day!

## Ansel Elgort

**M**y favorite crushworthy moment was on the red carpet with actor Ansel Elgort. He towered over me by about a foot. I was so nervous because I am a huge fan of *Divergent* and *The Fault In Our Stars*. He was such a jokester and commented on our height dif-

ference. I almost died when Ansel leaned on me and pretended like I was a shoulder rest! My favorite moment of the interview was when he told me all about his DJing. He's not only a super hot actor, but he's also a super hot DJ. He told me that he's been DJing for as long as he can remember! So look out for DJ Ansel!

JOHN FURNISS / SPLASH / CORBIS

## Hunter Hayes

**I** met Hunter in the green room of Music Choice. He had about nine people with him and he came right up to me. He was such a charmer! He waited for me to show him into the studio and even gave me some insider tips on how to play the guitar; he stayed long after his interview just to hang with the Music Choice crew. He made everyone feel like they were his best friend.

ROCKIN'  
BEAUTY  
TIPS!

Whether she's on the set of *Jessie* or onstage with her band, The Never Ending, the naturally beautiful Debbi Ryan always looks stunning. Here, she shares her best makeup and skincare secrets!

**My favorite skincare products are:**  
I use L'Oreal's Sublime Sun Advanced Sunscreen Mist, which makes my skin feeling silky!

**My must-have beauty products are:**  
Lip balm! I'm in love with one I found in Australia called Pawpaw Papaya Ointment. Also, Youngblood Lunar Dust—it's an aluminizing powder that makes my skin look like a golden diamond!

**My every-day look is:**

I don't wear a lot of make-up day to day because on camera I have to wear a lot. On dates, I'm cool with just using concealer, mascara, lipstick and blush.

**A good thing to know is:**

I've actually heard my brother's friends say that it's so much nicer when you can see what a girl naturally looks like. That's good to know for us girls! Guys don't like seeing a ton of make-up but girls often do it because they think it's what guys want to see, so it's refreshing to know that isn't always the case.

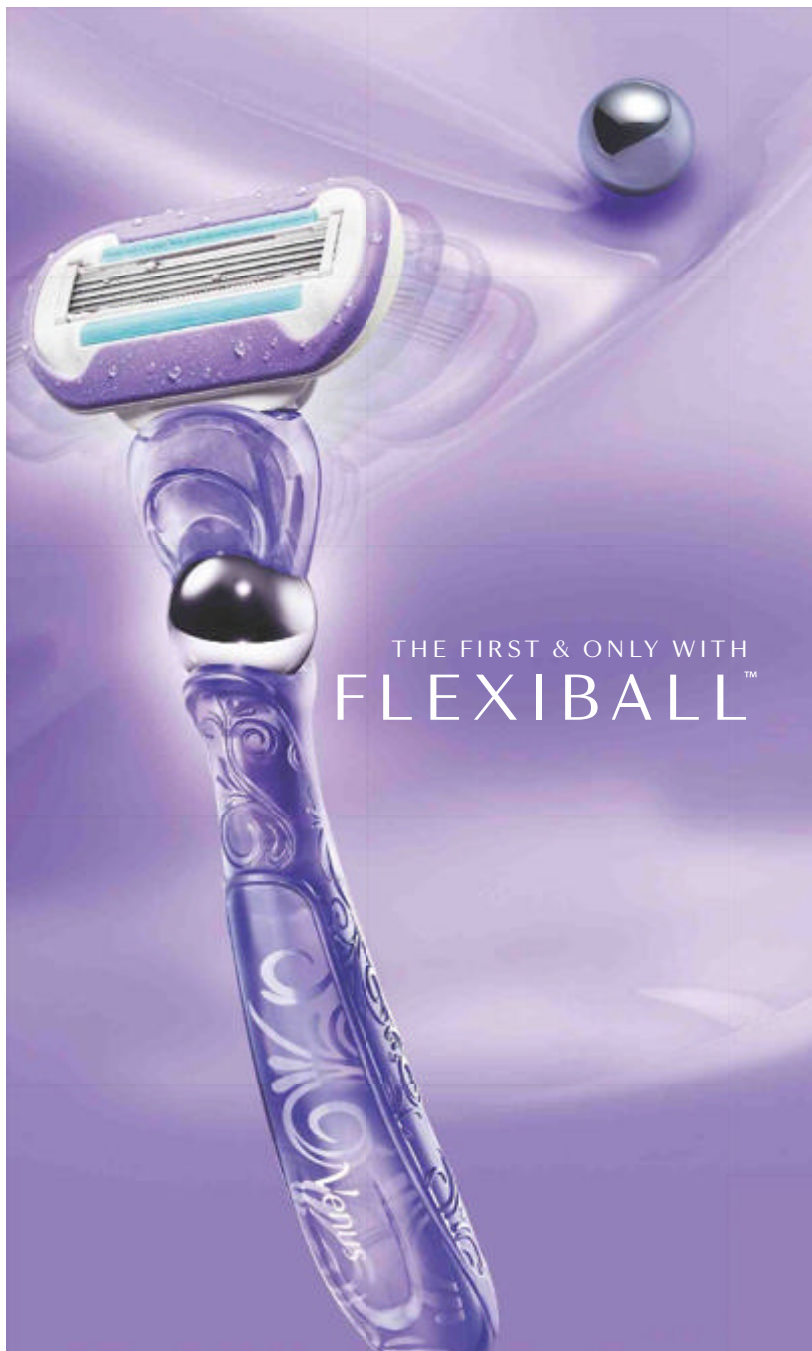

## Debbi's Top 3 Beauty Tips:

1. Use white liner on the inner corner of your eyes  
— it makes them pop!
2. Always carry hand cream and/or hand sanitizer for when you have to shake hands with someone!
3. Find out what works for YOU and own it!

# THAT JUST HAPPENED!

CRAZY, AWKWARD & UNFORGETTABLE MOMENTS!

## KIRA'S KLUTZY K(A MOMENT!

WHEN JACK AND I PRESENTED AT THE KID'S CHOICE AWARDS IN ARGENTINA, I WORE THESE SUPER COOL HEELS THAT WERE CRAZY HARD TO WALK IN. AS I WENT OUT ON STAGE I TRIPPED AND ALMOST FELL ON MY FACE, ON LIVE TELEVISION AND IN FRONT OF THOUSANDS OF PEOPLE. LUCKILY, I CAUGHT MYSELF, BUT I COULD FEEL MY HEART BEATING REALLY FAST AND MY FACE TURN RED. THE IMPORTANT THING TO DO WHEN YOU HAVE AN EMBARRASSING MOMENT IS JUST TO REMEMBER THAT'S IT'S PROBABLY NOT AS EMBARRASSING AS YOU THINK IT IS! USUALLY WHEN YOU HAVE SOMETHING EMBARRASSING HAPPEN, EVERYONE ELSE BARELY EVEN NOTICES. IT'S ALL ABOUT RECOVERY, SO TAKE A DEEP BREATH, SMILE, AND MOVE ON TO THE NEXT MOMENT!

### Egg-tastrophe 🤪🤪🤪

When my bestie invited me over for a sleepover, I was SO excited because her brother, who I've been crushing on for years, would be there, too! I always feel so nervous around him and get clumsier than I already am. When we decided to bake some cupcakes, I was in charge of cracking all the eggs. It was going well until he showed up and I knocked the eggs over and they cracked all over the floor! He started laughing and my BFF's mom had to go out and buy more!

### Red-Lipped Clown 🤪🤪

After begging her all morning, my sister finally let me wear her red lipstick to school! It looked awesome but after lunch, I totally forgot that I was even wearing it. I wiped my mouth and smeared red lipstick all over my cheek! I walked the halls looking like a red-lipped clown until my BFF spotted me and told me! OMG, I think I'll stay clear from red lips for now!

### Spinach Fiasco 🤪

After my lunch period, I had a big English presentation coming up. I was feeling pretty confident about it, but while I was speaking, I could hear my two BFFs smiling the whole way through! When I asked them about it, they told me that I had done the whole presentation with spinach in my teeth! OMG! Now, I always check a mirror after lunch!

## Shoelace Slip-Up 🤔🤔🤔

In gym class, the first two students to finish running laps get to be the team captains! I really wanted to be the first one to finish, so I was preparing to run REALLY fast! I was so focused on that that I didn't even notice my shoes were untied! I only made it a few steps before I tripped on my laces and fell flat on my face. Everyone stopped running to check up on me, but it was so mortifying! Now I always check my sneakers before class starts!

## Doodling Disaster 🤔🤔🤔

Whenever I can't focus in class, I always find myself doodling my crush's name inside my notebook. One day, I accidentally dropped it on my way out of class and my crush picked up the notebook and saw his name scribbled across the pages. My cheeks turned SO red while he handed it back to me! He laughed about it, but there was a happy ending – he said he liked me too!

## Onesie No-no 🤔🤔🤔🤔

Whenever I'm absent from school, my BFF always comes over to drop off my homework. The last time I was sick, I wore my onesie all day and put on a green facial mask while waiting for her to show up. When I heard the doorbell ring, I thought it was my BFF, but when I answered it, it was my crush! He told me he wanted to surprise me and see if I was feeling better. I almost slammed the door shut because I was so embarrassed!

## R5 ROCKS WHERE?!

WITH R5 TOURING SO MUCH, WE CAN'T BLAME THEM FOR SOMETIMES FORGETTING WHERE THEY ARE! RIKER LAUGHS, "WE WERE IN BOSTON AND I SAID, 'WHAT'S UP DALLAS?!' BECAUSE WE WERE IN DALLAS THE NIGHT BEFORE." AS FOR RATLIFF, HE THOUGHT HE WAS IN FLORIDA WHEN THE BAND WAS ACTUALLY IN GEORGIA! "WE WERE IN ATLANTA AND I WAS LIKE, 'ORLANDO!'" LOL! "I ALWAYS KNOW WHAT CITY WE'RE IN AND THEY DON'T," LAUGHS RYDEL. CHECK OUT [R5ROCKS.COM](http://R5ROCKS.COM) TO FIND OUT WHEN THEY'LL BE COMING TO PLAY IN YOUR CITY!

# ASK BEA!

Bea Miller answers your toughest questions!

**Hi Bea!**

**I've been crushing on a boy in my class this year. I really like him. He's really nice and all, but sometimes he makes fun of my friends and I don't like that. What should I do? Thanks, Brianna**

Brianna,  
your friends should always be your top priority, so if he is truly making fun of them to try to hurt their feelings, you might have to start looking for a new crush. Sometimes I make fun of my friends in a funny playful way though, not to hurt them. I think we all do that. So he might be joking, and if he is I think you shouldn't be too worried. Just decide if he's being serious and trying to be hurtful, or if he's just being funny and playful. I hope this helps! xo Bea

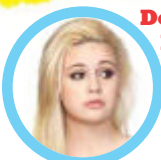

**Dear Bea,**

**How do you gain your parents' trust back and show them you're responsible? I got in trouble for breaking one of their rules and now they've taken away my privileges. -Caitlin**

**Hey Caitlin,**

that's honestly the worst. you have to start small, doing simple things to gain their trust back before you can get back to the big stuff. they're gonna have to gradually start to trust you again and once they see that you're being responsible on a small scale, they'll be more willing to allow you to do things that require more trust. just remember that parents don't hold grudges forever because kids have to make mistakes to learn from them. everything should be fine sooner than you think! xo Bea

**Dear Bea,**

**I have had some hard times in my family and sometimes I feel like my friends' problems like not getting the leather jacket they wanted for Christmas are so stupid compared to mine. How do I deal with this? -Kelly**

**Kelly,**

I really do understand how tough this is. But what helped me was realizing that you can't compare your problems to other people's problems, because something that's really rough for one person might not be as bad for someone else. It all has to do with how much you have experienced and how strong those experiences have made you. When your friends complain about small things, like not getting what they wanted for Christmas, it's most likely because they are used to things going well for them, so they don't have a very high tolerance for when things go wrong. If the small stuff doesn't bother you, it's because you're stronger than they are because of all the things you've been through. Life isn't always fair, but you're prepared for whatever comes your way. You're awesome. I hope the next time your friends complain about small stuff you'll remember all of this and not be as annoyed by it.

## ON THE ROAD WITH RYDEL

# MY CHRISTMAS

**H**ello lovely people of the Popstar world! We had our first break in a while over Christmas and New Years. It was super relaxing and a lot of fun! We went back to our hometown in Colorado, where our extended family lives, and had some good ol' quality time.

**N**othing is better than some home-cooked meals, am I right people!?

And since we missed a home-cooked Thanksgiving dinner back in November, my Mamoo (Grandma) prepared something special for our arrival in Denver. When we got to my Mamoo's house, she'd been cooking for two days straight, and had made us an entire turkey dinner. It was THE BEST surprise ever! My favorite is her stuffing and scalloped potatoes. OMG, so good! I don't know if you've seen my Twitter bio, but it says, "I LOVE EVERYBODY AND I LOVE FOOD!" I say

### COOKIN' IN THE KITCHEN!

I loved learning how to cook so many different recipes from my mom and Mamoo!

# VACATION!

Ryland and Rocky straight chillin' in Colorado!

Spending the holidays in our hometown was amazing!

this catchphrase of mine quite often because I seriously love food, oh and everybody. :-P. For the rest of the trip, I cooked and baked right alongside my Mamoo, making everything including meltaways and homemade fudge!

**E**very single boy in our family plays ice hockey, so while all the boys are on the ice, all the ladies play cards and cook. I think I probably played a total of 72 hours of cards this vacation! We are ALL maaaaaaajor card sharks. Some of our favorite games include: Spades, Nertz, Pinochle, Liverpool Rummy, and Pepsi (A game we titled ourselves because our mom's side of the family is obsessed with Pepsi.)

Ross and I make a good team! Check out the gingerbread house we made!

**O**kay so I went skiing. Haven't been in about 10 years. Ummmm ow. How do people walk in those boots all the time? Let's just say my legs were so sore, I could barely move the next day! You'd think with all the experience of walking in super high heels I'd be good but nope, lol. I rode the bunny hill like 10 times, (super pro). Then I rode the super duper long green hill with my cousins and I was surprised that I actually didn't fall once! Until...the very last time I was getting off the chair lift, my 8-year-old cousin was getting off crooked and I almost ran right into him and then BOOM! I was flat on my face. It was hilarious. It was that awkward moment too, where they have to slow down the chair lift because you can't get up fast enough and then the people behind you are about to run into you, lol. Way too funny.

## Christmas Checklist

- Learn some card games! They make for some great family time.
- Cooking is fun! Dig up some old family recipes and get going!
- Walking in heels all the time does

not help you walk in ski boots. Haha

- Make gingerbread houses! Ross and I were partners this year!
- Next year, decorate your tree with old school decorations: Froot Loops, popcorn, marshmallows, cranberries, etc.

## Mamoo's Meltaway thumbprint cookie recipe!

### INGREDIENTS:

- 1 cup room temperature butter
  - 1/3 cup powdered sugar
  - 1 cup flour
  - 3/4 cup corn starch
- Frosting:**
- 8 oz. room temperature cream cheese.
  - 1 cup room temperature butter.
  - 4 cups sugar

Whip butter with beaters then gradually add in rest of ingredients. Sit in fridge for 10 min while oven heats up to 350 degrees. Roll into tiny, bite sized balls, place onto baking sheet and then thumb print them! Cook for ten minutes, let cool, then add frosting! WOO!

Jack Be Nimble.

Jack Be Quick.

**Y**eah, it's true, Jack & Jack may not be a household name just yet, but if you're tapped into any kind of social media site, you've probably stumbled on these two BFFs before. Lets see...about 5 million followers on Vine, over 24 million views on YouTube, and, between their two Twitter accounts, a combined following of approximately 3.5 million fans. Their digital stardom reached new heights last year when they were nominated in the "Best Viner" category at the Teen Choice Awards.

A few weeks ago, I got a chance to catch up with the two inseparable friends, who were first introduced to one another in kindergarten. At first glance, Jack 1 and Jack 2 look like a couple of regular teenagers: Both dressed in t-shirts and jeans, no jewelry and no tattoos...or at least visible ones anyway. Early on in the interview, the second thing I noticed was how courteous they were of each other's answers. Neither was fighting to get more words in, or looking to "outshine" the other.

During our 15 minute chat, I found out a lot about the hip-pop act...like Jack Johnson is the better selfie taker...and we're not totally sure why. I also asked J&J if there's any friendly competition between them when it comes to who has the most followers on Twitter. Gilinsky told me, "Not really. Our numbers are close for the most part I think. And it's like, no matter who has more followers, either way it's benefitting the group as a whole, you know - getting more people to know about us."

I was able to sneak in one final question before Jack & Jack shot out the door (determined to find the best burger in New Jersey). It's no secret that their fan base is mostly composed of younger, female fans, so I wanted to know how they juggle catering to their younger audience, while still trying to expand their listenership and grab the attention of a slightly older demographic. J.J. took this one, saying, "It's not easy, because we know we have a lot of young fans, and we never wanna do anything that'll turn them off or make them feel like we're not grateful for their support. So I think we just focus on the sound of our music really. We figure if we make songs that are great - good music is for every age, not just one age group."

## ASK ME ANYTHING!

"What artist are you most excited about in 2015?"

**@MikeAdamOnAir:** Becky G for sure! I just think she had such a breakout year in 2014. Some career highlights included two successful singles, gracing the cover of *Latina* magazine, and being nominated for a Teen Choice Award. Now, 2015 is really gonna be when she solidifies herself as a popstar, and lets people know she'll be around for quite some time. Oh, and of course we have her **DEBUT ALBUM** to look forward to still!

## FLY AWAY HERO

**Names & Ages:** Kitty - 15, Dalton - 19, Hunter K. - 17, & Hunter L. - 19

**Where You've Seen Them:** Before Dalton Rapattoni moved to LA to join boy band IM5, he was fronting the alternative rock band Fly Away Hero. In 2014, he left IM5 to return to his rock roots and we're pretty happy about it - because Fly Away Hero totally rocks! The band released their "Lost and Found" EP in January and it hit #22 on iTunes! Shortly after that, the band took the stage as part of the MAGCON tour and even opened up for Cody Simpson in Los Angeles!

**What's Next:** Fly Away Hero is working on new music and hopes to start touring again soon. Follow them on Twitter to get the latest updates!

## ZARA LARSSON

**Age:** 17

**Where You've Seen Her:** We first met Zara back in 2013, when she shared the stage with Fifth Harmony on Cher Lloyd's I Wish tour. "It was the time of my life," she told us. However, that wasn't the Swedish singer's world debut. At just ten years old, Zara won *Sweden's Got Talent* and five years later, her debut EP went 3x platinum! She garnered awards for "Breakthrough Artist of the Year" and "Female Live Artist of the Year" in 2013. We also love that she's become super close with the 5H girls. Did you know she hit up the Coachella Music Fest with Lauren last year?!

**What's Next:** In January, Zara released her 6-track Epic Records debut EP "Uncover" and it's just the beginning for the young pop star. When we talked to her, she revealed that she'd LOVE to collab with Fifth Harmony - and we've got our fingers crossed!

# Brec's Book Basics

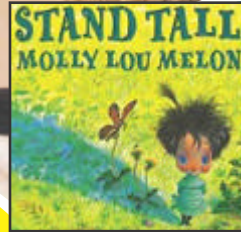

The Nickelodeon  
star reveals her Top  
5 books and best  
reading tips!

**1. Slumdog Millionaire** by Vikas Swarup. It's a difficult read but it's totally worth it! Not only did the story keep me on my toes, but I also learned a lot while reading it!

**2. The Selection Series** by Kiera Cass. It's an absolutely outstanding series! It's like *The Bachelor* meets *Hunger Games* and you'll be HOOKED!

**3. Stand Tall, Molly Lou Melon** by Patty Lovell (illustrated by David Catrow) This is one of my favorite childhood books and it has a great message behind it: Be confident and proud of your individuality.

**5. The Divergent Series** by Veronica Roth. It's a great series and has an awesome love story with tons of action!

**4. There's No Place Like Here** by Cecelia Ahern. It's a fairly easy read with a really fun, unique storyline!

## 4 Quick Questions!

**The book-to-movie adaptation I'm most excited about is:**

*Insurgent!* I have been a fan of the *Divergent* series for a while so I'm stoked to see it played out on the big screen.

**The last book I read was:**

*The Crucible!* It was actually a play for school and THE ENDING MADE ME SO MAD! It was a cool read though because it takes place in Salem – the same place *American Horror Story: Coven* (my current binge-watch) takes place!

**If I could star in a film adaptation of any book, it'd be:**

*The Selection* series! I love the whole "love triangle" concept and I think the story is a unique idea that would carry onto screen beautifully. I even thought about writing the author after finishing the series to tell her how much I loved everything about the books!

**My advice for students with reading assignments is:**

Don't be afraid of audiobooks! You can listen to them anywhere - car, home, library, wherever! I think it helps the book go by quicker as well!

## This is how you play:

1. Grab your best friend and get a pen or pencil.
2. When it's your turn, have your friend say "go" and begin to count.
3. Have your friend say "stop" when she wants (usually it's after a few seconds.)
4. The number you stop at will be how you figure out your future!  
For example, if your number is 9, count down the list of ONE category 9 times (repeating over the list) until you've reached 9, which for boyfriends, would be Ross Lynch.
5. Your number stays the same for every category. Once you've got your boyfriend, move onto the other 3 categories.
